Attendees

Attendees included Richard, Wang and Donal.

Members not in attendance

Donovan

Reports

- **Looking at some provisional coding talking about some of the issues with it.**
- **Discussing issues with rotate function**
- **Discussing interface, how do we have a text input over the button interface and how it will work.**
- **Implemented a text box mock up and discussed the syntax to be used**
- **Talking about whether we use stacks and recursion for parsing user input**
- **Shapes to have colour once drawn**

Unfinished business

- **Wang to update the class diagram with parse function and the save, load and print.**

New business

- **Design complete now so Donal will work on getting a test suite for the 17/3**

Announcements

- **Wang spoke with Donovan and he advised will be back in from the 14/3**
